places and be sure to include  
your entire staff.

Here is another wonderful opportunity for you and your staff to enjoy an evening of Pizza and Learning. The topic is **Mini Dental Implants** and the course is designed to show you and your staff how to maximize this service in your dental office. This evening course will give you the techniques and information you and your staff need to provide an immediate load non-surgical implant for your patients in your own office. It will help you diagnose and treatment plan your edentulous patients and provide a proven method for treatment. These techniques are also a great practice builder. See you all there...Bob
