

## Problem Report

Last Updated Thursday, 30 November 2006

I have started this section in an attempt to help those patients who have encountered problems with their dental implants. The more data that I can collect about problems people are having, the more we will be able to help you avoid those problems in the future. Please fill out the form below detailing your problem and I will get back to you as soon as possible with my comments. Make sure you give me your correct e-mail address so I can get back to you with whatever help that I can provide. Thanks for your cooperation. It truly helps others....

S. Robert Davidoff, DMD, FACP
